India's First Social Saving App

#USEKAREGAININDIA

What is Logicpay24?

India's first social saving network

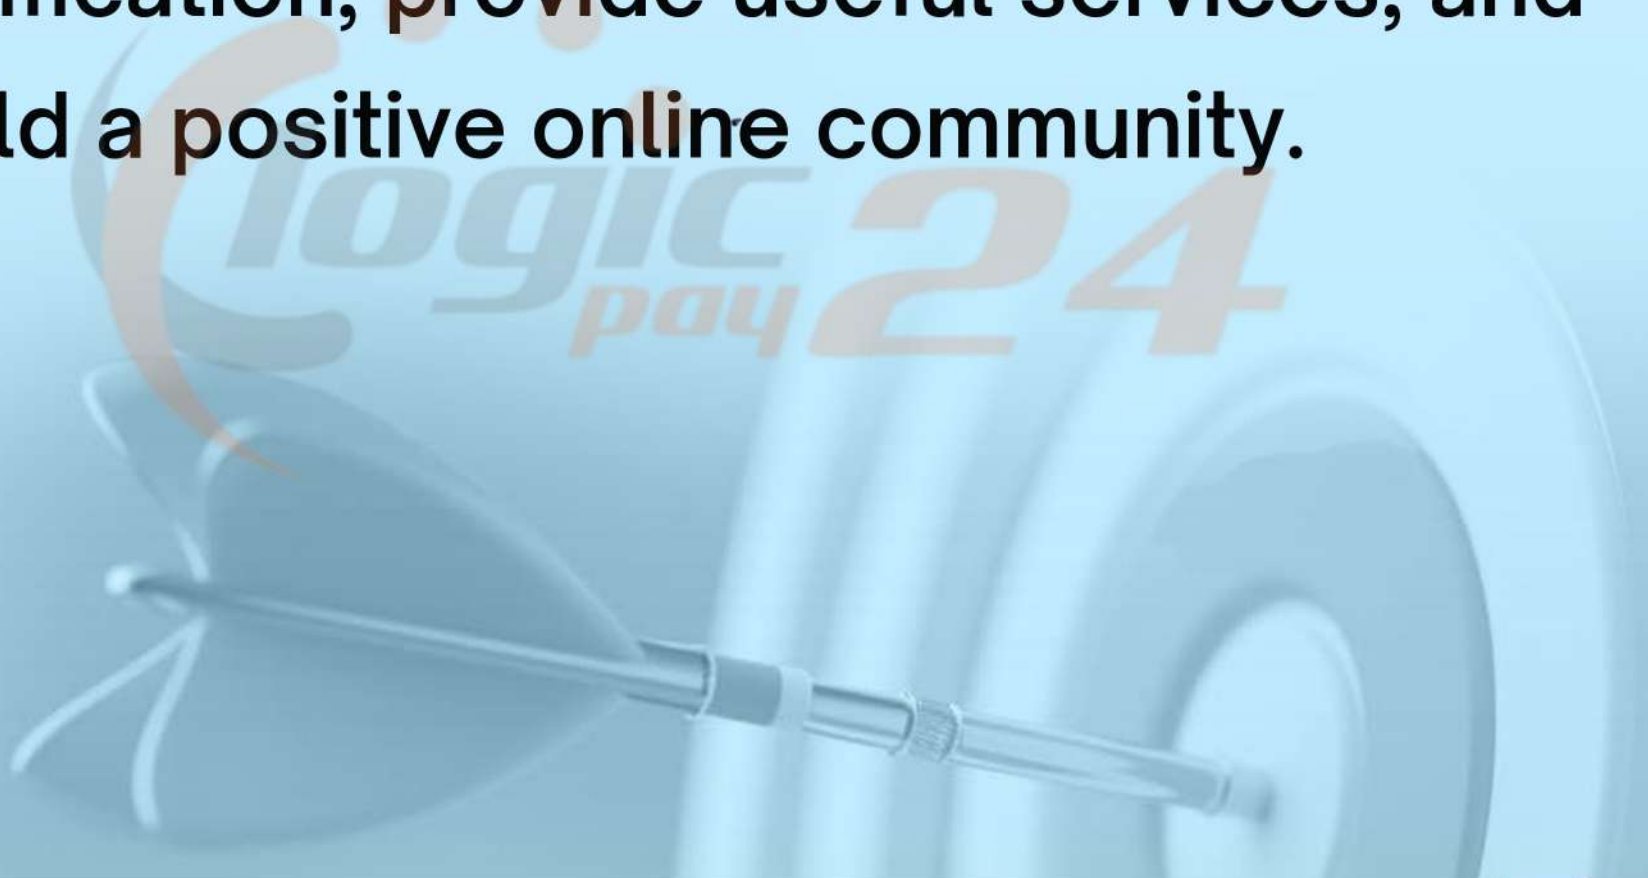

Logicpay24 verifies the identity of every user through Aadhaar-based KYC, ensuring trust and security on the platform. Its key features include social networking, group savings, utility bill payments, and in-app shopping. Useme is a secure, all-in-one digital platform that offers a smart way to save money, spend wisely, and connect with friends.

Vision & Mission

Vision: To become India's most trusted and safest social saving platform that empowers every individual to connect, contribute, and grow together financially and socially.

Mission: Our mission is to securely connect every user through Aadhaar verification, provide useful services, and build a positive online community.

Core Features of Logicpay24

Social Media:

- Connect with family and friends.
- Share posts, updates, and experiences.
- Stay engaged within a secure community.

Bill Payments:

- Pay your electricity, water, internet, and other bills directly from the app.
- Simplifies everyday tasks with a single click.
- **E-commerce**

Online Shopping :

- Browse and buy products through the platform.
- Safe and easy online shopping experience.

Aadhaar Verification - Building Trust

Why Aadhaar Verification Matters:

- Each user is Aadhaar verified to ensure identity authenticity.
- Protects against fraud and ensures security.

Verified Posts and Content:

Every post made by a user is verified before it is shown to the community. Prevents inappropriate content like nudity, sexual content, and

harassment.

- Ensures a safe and respectful space for all users.

How Does the Verification Work?

User Profile Verification:

- Users must verify their identity using Aadhaar for a trusted experience.

Content Moderation:

- Every post is checked for compliance with platform guidelines before it is published.
- AI and manual moderation processes ensure a harassment-free community.

Post Approval:

- Only verified content appears on the feed, making sure users have a quality and secure experience.
